To Whom It May Concern;

I am honored to write this letter of reference on the behalf of S.C. Barker Construction Company.

Under the direction and professional expertise of the S.C Barker Construction Company, our organization just recently opened an 11,000 sq. ft., two-level facility for youth.

This uniquely designed facility posed several challenges throughout the construction process, however, our capable building contractor was able to quickly address and resolve each and every challenge in a satisfactory manner.

Everyone that has had an opportunity to visit our new facility has been very impressed by all the various unique structural aspects and features that it offers. The end result produced a very attractive facility on both the interior and exterior of the building.

It was indeed a pleasure to work with the S.C. Barker Construction Company and their project staff. Without hesitation, we would again welcome the opportunity to work with this company in the future.

Sincerely,

Lee Wagner  
Executive Director

The Club - Teen Center  
212 S. Madison Street  
Thomasville, GA 31792
