To Whom It May Concern,

Please consider this a letter of recommendation for the firm of SC Barker Construction Company. I have had the opportunity of working with SC and his staff for over thirty two years and during this time I have found them to be dedicated to their client's goals. They approach each project with the Owner's budget and time schedule as their priority, whether it is a negotiated or bid effort.

We appreciate the opportunity of recommending their firm for consideration and would be pleased to answer any specific questions regarding our experience with their company.

Sincerely,
RICHARD HILL & ASSOCIATES
