To whom it may concern:

Since day one, working with S.C. Barker Construction Company has truly been a gratifying experience. When we began to expand Turner's Furniture throughout South Georgia, we wanted a reputable contractor with an impeccable record. Our search ended with S.C. Barker Construction Company. With S.C. Barker Construction taking the lead as the design/build contractor, we have successfully built new furniture facilities in Valdosta, Moultrie, Albany, and Cairo, a distribution center in Tifton, and completed multiple renovations. Although the locations of our new buildings continue to expand throughout the south, we can always trust S.C. Barker Construction to adapt in any locality.

S.C. Barker Construction Company was founded on honesty, dedication, and work ethic. They continually prove it on every project. Going into each project, we must set a specified budget. S.C. Barker Construction understands the importance of staying under budget while designing and constructing buildings that continue to exceed our expectations.

The S.C. Barker Construction team spearheads each project with three objectives in mind; budget, time, and quality. Their in-house design team has helped reduce costs, condense the project duration, and improve overall quality. In addition, S.C. Barker Construction visits all of our sites long before the first shovel of dirt is ever moved and conducts a site analysis to ensure our design and layout is the most efficient for the selected piece of property.

Time after time S.C. Barker Construction Company has gone above and beyond to ensure we get the highest quality building at the most competitive price. We couldn't be happier with the decision we made to partner with the S.C. Barker Construction team.

Sincerely,

Fortson Turner

President
